No. 74

THE BIG STRIKE IS ON

C. P. R. Machinists Walked Out Yesterday

Winnipeg, Aug. 5.—Promptly at ten o'clock on schedule time the nine hundred men employed in the Winnipeg shops of the Canadian Pacific railway laid down their tools and quit. No strike, however, was being generally general. At West Toronto 450 men are

out. Regina, Aug. 5.—Between thirty and forty machinists struck here this morning, and the effect will be to hold up the railway business at Regina, and also the Canadian Northern work over the prairie. Alberta branch is handled here by the Canadian Pacific men, and they are also placed at a disadvantage. The company will try to operate the shop with inexperienced men.

Vancouver, B. C., Aug. 5.—Four hundred C. P. R. mechanics went out on strike at nine o'clock this morning throughout British Columbia owing to dissatisfaction with the award of the arbitration board, which recently adjudicated upon the disputes between the men and the company. Of this number between seventy-five and one hundred men in Vancouver stopped work. The remainder are men residing at the various divisional points of the company throughout the province. Revelstoke, Laggan, Nelson, and Cranbrook, where the shops are, will add their quota of strikers to the eight thousand men who dropped their tools all across the country from the Atlantic to the Pacific.

Toronto, (Aug. 5)—At the international yards here, eighty car cleaners, including inspectors, car fitters' and oilers struck work this morning at nine o'clock. In the engine house, machinists, blacksmiths and helpers are out, the strike being apparently general. At West Toronto 450 men are

out.

Calgary, Aug. 5.—Over three hundred machinists quit work this morning. The company officials claim they are in good condition to continue running trains for some time, but the appearance of things around the shop point to the contrary. A hundred and seven men not affected are still at work in the shops.

McAdam Junction, N. B., Aug. 5.—A hundred and fifty men went out this morning. The officials are trying to supply their places in the shops Quebec, Aug. 5.—Fifty men of the mechanical department responded to the strike orders this morning.

THE ATTEMPT ON SULTAN'S LIFE

Criminal Action Against Premier Scott

London, Aug. 5.—A private dispatch received here this morning states that the Sultan of Turkey was shot by a minor police official who was bricked by leaders of the Young Turks movement. The would-be assassin drove a dagger at the heart of the Sultan, whose coat of mail saved his life.

A later dispatch says the attempt to kill was made from the rear and the assassin actually succeeded in driving a short-bladed dagger to the hilt, seriously wounding the Sultan. This report is unconfirmed.

World's Record Broken

Abercavenny, Eng., Aug. 5.—R. E. Walker, of South Africa, winner of the 100 metre race at the "Olympic" games, yesterday broke the world's record for 100 yards in the athletic games held here. This great sprinter covered the distance in 9.25 seconds, 1/2 second faster than the record made by Dan Kelly of the United States, at Spokane, Wash., on June 23, 1906. His record exceeds all professional as well as amateur marks.

LONGER PROTECTION FOR BRIDGES.

Winnipeg, Aug. 5.—The railway commission has issued an order to all railways calling for protection of trestles, by watchmen, and fire alarm devices from May to October, inclusive. This is one month longer than was provided for in the original order.

Important To Stock Breeders

The following customs regulations respecting the free admission of animals for the improvement of stock have been issued by the Department of Agriculture:

On July 1st there came into effect new regulations regarding the custom entry of animals imported into Canada for the improvement of stock.

Heretofore all certificates of registration which were apparently genuine

were accepted by custom officers for the purpose of entry. Under the new regulations either a Canadian certificate, or registration or import certificate, as the case may be must be presented.

Canadian certificates of registration must be presented at the port of entry for the following classes and breeds:

CATTLE—Shorthorn, Ayrshire, Hereford, French Canadian, Galloway, Aberdeen Angus, Red Poll, Jersey, Guernsey and Holstein.

HORSES—Clydesdale, Hackney, Shire, Percheron, Thoroughbred, Belgian and French Canadian.

PONIES—Shetland, Welsh, New Forest, Pold and Riding, Exmoor, Connemara and Hackney.

SWINE—Yorkshire, Berkshire, Tamworth, Chester, White, Poland, China, Duroc, Jersey, Essex and Victoria.

Sheep—Lincoln, Oxford Down, Dorset, Southdown, Hampshire and Leicester.

The Canadian records for all above mentioned breeds, with the exception

for that of Holstein cattle, are now deposited under the Canadian National System in the office of the Canadian National Records, Ottawa. The Holstein Record is located at St. George, Ont. In making application for the registration of an imported animal, the "foreign" certificate of registration, in addition to the usual

application for a ten-year contract, will also be taken against the holder editor, and civil action will be taken against Scott later.

Earl Roberts' Only Speech

Ottawa, Aug. 5.—Earl Roberts reviewed one hundred South African veterans at Rideau Hall this afternoon, and made his only speech.

He expressed regret, and disappointment at not being able to visit Toronto and the West, but hoped to have another opportunity. Referring to athletes he advised Canadians to play the game. He urged the importance of teaching the youth how to shoot.

A NEW TREATY.

London, Aug. 5.—The text of a treaty between the United Kingdom and United States, providing for the conveyance of persons in custody for trial either in the Dominion or the United States through the territory of the other, and for reciprocal rights of search and salvage in time of war, concluded at the boundary between the Dominion and United States, was issued by the Foreign Office to-night.

SWINE—Large Black Pig Society (Great Britain).

SHEEP—Suffolk Sheep Society (Great Britain), Kent and Romney Marsh Sheep Breeders' Association (Great Britain), Cheviot Sheep Society (Great Britain), Wensleydale Longwool Sheep Breeders' Association (Great Britain), Black Face Sheep Breeders' Association (Great Britain).

GOATS—British Goat Society.

ASSSES—Societe Centrale d'Agriculture des Deux Sevres (France), Stud Books of Jacs and Jamets of Spain.

To secure a free custom entry for an animal so recorded it is necessary to forward to the Canadian National Records, Ottawa, the foreign certificate of registration. The accountant of the Canadian National Records will be responsible to the importer the foreign certificate to which will be attached an import certificate which will be authority to the custom officer to admit the animal duty free. A nominal charge will be made by the National Record for this service.

If further information is desired such will be furnished on application to the "ACCOUNTANT," National Live Stock Records, Ottawa.

CONDITIONS AT FERNIE

Re-Building Will Commence At Once — Mines Will Be Running in a Few Days

Fernie, B. C., Aug. 5.—Late news from the scene of the fire are most optimistic. Camps have been organized on sanitary lines and patrols enforce the principles of hygiene.

Fifteen hundred children are especially well cared for. Eighteen births were recorded within the last two days.

The sale of intoxicants has been absolutely prohibited.

Relief is only delayed by the want of lumber and other materials.

Every effort is being made to resume mining operations. According to Vice

President Senator Jaffray, of the Crow's Nest Coal Co., and Manager Hurd, the limit of sickness is placed within ten days.

The list of dead is considerably reduced, optimists reducing it to less than twenty, but this is premature, as the ground outside the town has not been searched. The Elk River Lumber Company's gang of sixty-two, for whom some anxiety was felt, are all accounted for but two.

While Michel is safe at present there is still some danger from the fires being revived by high winds.

Reggie Porte, Fred Richards, Willie Rogers, Charlie Scarborough, Henry C. Shields, Robert Scovell, Jimmie Simand, Geoffrey Taylor.

Blanche Beaton, Justin Burwash, Arthur Deitz, William Foster, Adelbert Gosse, Bentle Green, Harry C. Heisel, Helen Hotson, John Martin, Mary Miller, Otto Moller, Linda Roth, Walter Ruccus, Joe Scarborough, Harold Torgerson, Gwyneth Tuttle, Eric I. Weir.

Departmental Examinations

The result of the departmental examinations is a very high tribute to the educational efficiency of Strathcona. It is only fitting that the University City learning should reach its highest standard. We do not desire to draw comparisons between Strathcona and other cities, but we would emphasize the fact that Strathcona passes on this occasion better than have ever previously been achieved by this or any other city. Out of seventy-one students, in four standards 65 passed, making the pass rate 92 per cent. That is phenomenal anyone will recognize and it reflects the very highest credit on the Strathcona teaching staff. The following are the details.

STANDARD VIII

That Calgary Typographical Union No. 440 has agreed to the accumulation of a ten year contract for school text books to Moritz and Company of Toronto, and further

considering that the work or part of it, has ultimately been executed in a New York similar offices call upon the Alberta Government to rescind such contract.

STANDARD VIII

That Earl Roberts, Minister of Agriculture, has appointed Mr. McCallum, of one of the following recognized foreign Associations:

HORSES—Horse Society (Great Britain); Cleveland Bay Horse Society of Great Britain and Ireland; Yorkshire Coach Horse Society of Great Britain and Ireland; American Morgan Register Association; American Saddle Horse Breeders Association; American Trotting Horse Register Association; Commission des Agricultures de France (French draft); Commission des Stedts Bokks des Chvaux de Domestic Sang (French Coach); Landwirtschaftliche Hauptversammlung Ostpreussen; German Coach; Zentrale Verband der Sachsen-Anhaltischen Zuchtgemeinschaft (Germany); Verein für die Förderung des Oldenburger Oelzuchtvereins; Schleswig-Holsteinische Pferdezüchter in den ostdeutschen Meisterschaften (Oldenburg).

STANDARD VIII

Cattle—Standard VIII examination obtained by Carmichael Andrew R., candidate who passed in extra subject.

STANDARD V

Philadelphia, Aug. 5.—Walking up

to a policeman late last night a young negro said: "Reckon you better lock me up, boy. I killed a woman, but I did it in self defense and I want to be locked up. I had to do it to save myself."

The policeman arrested the man who gave his name as Robert Bartram and his story was then investigated. In a house in the southern section of the city a police found Maggie Albert, young negro, and five bullet holes in her head.

The revolver with which the murder had been committed had been so close to the woman's face that the powder had badly scorched the flesh. Jealousy is believed to have been the motive for the crime.

Confessed Murderer

Philadelphia, Aug. 5.—Walking up to a policeman late last night a young negro said: "Reckon you better lock me up, boy. I killed a woman, but I did it in self defense and I want to be locked up. I had to do it to save myself."

The policeman arrested the man who gave his name as Robert Bartram and his story was then investigated. In a house in the southern section of the city a police found Maggie Albert, young negro, and five bullet holes in her head.

The revolver with which the murder had been committed had been so close to the woman's face that the powder had badly scorched the flesh. Jealousy is believed to have been the motive for the crime.

Prince Albert Murderer Escapes Gallows

Ottawa, Aug. 5.—At yesterday's meeting of the cabinet council the sentence of death passed upon an Englishman named Barrett of Prince Albert for the murder of his stepson last spring was commuted to life imprisonment. Barrett while at his trial had been found guilty of the charge of having shot his stepson and the latter in trying to push him aside discharged the pistol which he had.

When arrested he was tenderly nursing a child who had his arms around the horror stricken man and begged the law officers not to tax his father to jail.

CURRENT COMMENT

Mr. H. B. Ames, M.P., of Montreal is campaigning in Saskatchewan. The incident might be drawn to the attention of certain Conservative newspapers which have been frothing about Federal members speaking in Provincial campaign and vice versa, but for the obvious retort that the advent of Mr. Ames is not sufficiently important to point to a party inconsistency. This from the Bulletin. As a matter of constitutional usage, federal ministers and members should not mix in provincial politics and unfortunately both parties have broken through the rule. It is desirable, however, that provincial ministers should have some regard for their own dignity. Mr. Finlay, the minister of agriculture and Mr. Cross, the Attorney-General for Alberta, desire to trumpet Alberta in the interests of the Laurier Government who do not suppose that any protégé will represent them. We imagine that the ill-advised. The Rutherford Government, although it has made mistakes, has kept itself clean to a large extent and has not, to the best of every sight thinking man in the province, to the extent that this disreputable Laurier administration does. Of course, if Mr. Finlay and Mr. Cross desire to endorse and become identified with the rogues and robbery at Ottawa that is their look out. But we appeal to them for the sake of the dignity of the province to go out alone on their campaign and not allow themselves to become the corner men of that perambulatory conveyer of political dirty water. Mr. Duncan Marshall, this fair province, has a reputation which should be treasured by all political parties and to have its name associated with politicians of the Philip-Wagner-Duncan Marshall type is disgraceful. To see a couple of Alberta cabinet ministers led around and exhibited by Duncan Marshall as if they were pet bears is the greatest insult that can be offered to the province.

The Scott Government candidates are everywhere holding out patronage as a bribe to the electors for their support on August 14. Several places have been promised the Agricultural College, and still others whatever form of tribute seems most likely to catch votes. This plan of campaign will not appeal to intelligent voters. A party that prizes so much about its policy should be willing to stand on that policy.

The parties are:

- RAILWAYS 1 1 1
- RAILWAYS 1 1 1
- RAILWAYS 1 1 1

and between itself the vote gather it was intended to be."

So says the Regina Standard. Is it to be wondered that the parrot cry of Railways fails now to attract. The people of the West are not the fools that Ottawa imagines. To denote Canada's debts and destroy her credit on the money market of the world for the benefit of the grafters in the Grand Trunk towns company does not appeal to reasonable men in good business. Give us railroads. It is undoubtedly a reasonable provided the matter is carried through in a businesslike way. But this saturnalia of extravagance and corruption will inevitably lead to financial destruction.

JAPANESE TRAITORS.

Victoria, Aug. 5.—Charged with attempting to sell detailed plans of the Sasbo defences and 15 other

Japanese fortress work and naval bases to a certain foreign embassy, alleged to be the United States, S. Ishima, a lawyer of Hakodate, and a surveyor of the military general staff of Tokyo were arrested by gendarmes at Tokyo on July 17, according to advice received by the steamer Ono, which, said Suzuki, interpreter of the foreign embassy, was used as the medium for the proposed sale, and was given the plan prepared by the surveyor of the general military staff, under an arrangement that he was to receive \$2,000 for them. Suzuki informed the gendarmes office at Tokyo, and when the conspirators were showing him the map at a hotel in Tsukiji district in Tokyo, 1905 broke into the room and arrested lawyer and surveyor on a charge of treason.

The Conservative Platform

As Enunciated at Halifax and Other Places by Mr. R. L. Borden, Leader of His Majesty's Loyal Opposition in the House of Commons.

1 Honest appropriation and expenditure of public moneys in the public interest.

2 Appointment of public officials upon consideration of capacity and personal character and not of party service alone.

3 More effective provisions to punish bribery and fraud at elections, to ensure thorough publicity as to expenditures by political organizations, to prevent the accumulation of campaign funds for corrupt purposes and to prohibit contributions thereto by corporations, contractors and promoters, to expedite hearing of election petitions and to prevent collusive arrangements the withdrawal or compromise thereof, to provide for a thorough investigation of corrupt practices and if necessary to appoint an independent prosecuting officer to enforce the laws so amended.

4 A thorough and complete reformation of the laws relating to the Civil Service so that future appointments shall be made by an independent commission acting upon the report of examiners after competitive examination.

5 Such reform in the selecting of members of the Senate as will make that chamber a more useful and representative body.

6 A more careful selection of the sources from which immigration shall be sought, a more rigid inspection of immigrants and the abolition of the bounty system except under very special circumstances and for the purpose of obtaining particularly desirable classes of immigrants.

7 The management and development of the public domain (in which are to be included great national franchises) for the public benefit and under such conditions that a respectable proportion of the increment of value arising therefrom shall inure to the people.

8 The operation and management of our government railways by an independent commission free from partisan control or interference.

9 Development and improvement of our national waterways the equipment of national ports, the improvement of transportation facilities and subsequent reduction of freight rates between the place of production and market, whether at home or abroad and the establishment of a thorough system of cold storage.

10 The re-organization of the present railway commission as a public utilities commission with wider power and more extended jurisdiction, so as to establish thorough and effective control over all corporations owning or operating public utilities or invested with franchises of a national character.

11 The establishment after due investigation of a system of national telegraphs and telephones under conditions which shall be just to capital already invested in those enterprises.

12 The improvement of existing postal facilities, especially in newly developed portions of the country, and inauguration, after proper inquiry as to cost, of a system of free rural mail.

13 A fiscal policy which will promote the production within Canada of all useful articles that can be advantageously manufactured from or by means of natural resources; having due regard to the interests of the consumer as well as to the just claims of our wage-earning population.

14 The promotion by negotiation and other constitutional means of a system of mutual preferential trade within the Empire.

15 The restoration of the public lands to the Provinces of Alberta and Saskatchewan upon fair terms.

16 The unimpaired maintenance of all powers of self-government which have been conferred upon the Provinces of Canada under the constitution.

DOMINION OF CANADA.

(Regina Standard.)

The Dominion of Canada was formed by four provinces of Canada who drew up a constitution for the Dominion after which they invited the rest of Canada to join them in forming the Confederation of the Dominion of Canada.

The Dominion Government wants no possessors of Rupert's Land and the North-West Territories to carry out their original intention of negotiations with the Hudson Bay Company for acquiring their rights. Despite the efforts to come to terms with them, they offered to Great Britain, who made a large gain with the Hudson Bay Company, by which the company surrendered all rights they had, not to the Dominion, but to Great Britain, so that any bargain the Dominion made, for possession of Rupert's Land and the North-West Territories, was made with Great Britain. No sooner had Great Britain completed the bargain with the Hudson Bay Company than the Dominion tried to take possession of Rupert's Land and the North-West Territories.

The people in these regions resisted this summary proceeding, and the British government realizing that there was active resistance on the part of the population refused to coerce them until their consent had been obtained by the Dominion. Their consent was obtained on condition that these regions were to be formed into a province with all the rights common to all the provinces of Canada. This the Dominion Government agreed to do when the territory should have a sufficient population to justify it. Even then the British Government refused to give the Dominion its possession until they had given them a guarantee that these rights should be respected.

Such were the conditions under which the North-West consented to enter the Confederation of Canada.

Having done this, how can the Dominion Government refuse to Alberta and Saskatchewan the same rights that the other provinces have? Their charter the British North America Act makes no provision for them to do so.

Are you prepared to submit to being treated by the older provinces as a conquered people, and make subservient to them, surrendering your rights and your property to them, taking all the dry-rot and expense of the development of the country, for their benefit, while you are to furnish the funds, by direct taxation on yourselves. You have only to glance at the financial returns of Alberta and Saskatchewan to realize what your position will be in less than two years.

August time tells on the nerves. But that spiritless, apathetic feeling can easily and quickly altered by taking what is known by druggists everywhere as Dr. Shop's Restorative. Within 48 hours' time beginning to use the Restorative, improvement will be in full force, and health will not improve rapidly. Then follow the effects of well health and feel your strength and ambition as it is returning. Outside influences distract first the inside nerves than the stomach, heart and kidneys will usually fail. Strengthen these failing nerves with Dr. Shop's Restorative and see how quickly health will be yours again. Sold by all Druggists.

PILE'S get immediate relief from Ur. Shop's Magic Ointment.

Cough Caution

Never, positively never, poison your lungs. If you have suffered from a cold only — you should never take Dr. Shoop's Cough Cure. Don't blindly suppose it with a simple cold. It may be a simple cold, but it may easily become a chronic cough. For twenty years Dr. Shoop has sold his Cough Cure, a safe, non-poisonous mixture or prescription containing Opium, Camphor, Sassafras, and other ingredients. "It's no use thinking about it," says Dr. Shoop, "but if you do, just take my word for it. Very good! Here's another very reasonable remedy. Take no chance when you feel a cold coming on. Call on Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's Cough Cure. And it's not only safe, but it's good. It's good for you. It's good for your health. It's good for your lungs. It's good for your kidneys. It's good for your heart. It's good for your liver. It's good for your kidneys. It's good for your heart. It's good for your liver. It's good for your kidneys. That is wrong. Sir, nothing here! Lungs nerves not the organs that are calling for help. With or without treatment, they will realize the gain. A test will tell. Sickly? All dealers.
